

PURPOSE

SOLARPACK is a multinational company specialized in the integral management of clean energy projects for electricity generation **whose purpose is to 'Accelerate the transition to a clean and affordable energy for all'**. To this end it formalizes this quality policy, which is part of its General Sustainability Policy and **reinforces its commitment to comply with all the requirements of our clients, as well as with the continuous improvement of the quality management system.**

BASIC PRINCIPLES

This Policy is based on the following basic principles:

- **Compliance:** Meeting all the requirements requested by the clients, as well as the applicable legal and regulatory requirements and those that we have subscribed to, in all the countries where SOLARPACK develops its activity.
- **Quality Management:** Guaranteeing our clients Service and Quality, through the establishment of efficient processes and with the provision of all the necessary resources for the adequate implementation of a Management System based on continuous improvement and the clear establishment of quantifiable objectives in this regard.
- **Quality of Service:** Incorporating the most innovative techniques and components on the market and guaranteeing compliance with all the requirements established in the projects, with a focus on efficiency and profitability.
- **People:** Making our team's professionalism, experience and know-how available to our clients and our services.
- **Permanent Communication:** Generating continuous and transparent communication with our clients, subcontractors, suppliers, and other interested parties.
- **Excellence:** Ensuring that quality and continuous improvement are basic pillars of SOLARPACK's culture.

MONITORING SYSTEM

The approval of the Quality Policy is the responsibility of the Board of Directors of SOLARPACK, which, either directly or through a committee appointed for this purpose, will supervise it, ensure compliance with it and periodically review it for its continuous adaptation.

The Company will establish an internal monitoring system that allows the correct implementation of the Policy at all organizational levels.

COMMUNICATION AND STAKEHOLDER ENGAGEMENT

This Policy is communicated and understood within SOLARPACK and is available on the information and communication channels that the Company makes available to all its stakeholders.

This Policy is publicly available on the SOLARPACK website.

In order to make it easier for any person to confidentially and anonymously report any breach of the principles described in this Policy, SOLARPACK's Ethics Line (<https://solarpack.integrityline.com/>) guarantees independence, impartiality and the absence of conflicts of interest throughout the process of receiving, processing and resolving such reports.

SCOPE

This Policy applies to all the companies of the Solarpack Group, to Solarpack Corporación Tecnológica, S.A.U., and to those companies in which a majority of the shares, equity interests or voting rights are held, directly or indirectly, or in whose governing or administrative body it has appointed or has the power to appoint a majority of its members, such that it effectively controls the company. In those investees in which the companies of the Solarpack Group do not have effective control, Solarpack shall promote principles and guidelines consistent with those set forth in this Policy.
